

Shared Decision Making: Opportunities to Participate

Macon County values the input and support of all of our parents. We know that parents play a vital role in each student's academic success. We would like to take this opportunity to invite you to become a partner with us to provide your child the very best education possible.

At different times throughout the school year, there will be opportunities for you to give input and participate in the revision of district and school improvement plans and other important documents. These documents are very important because they drive the direction of the school and the district.

As a part of Title I, Part A, we review and revise several documents each year. These are:

- 1. Comprehensive LEA Improvement Plan (CLIP)**
- 2. District and School Improvement Plans**
- 3. Title I School-Wide Plan**
- 4. School-Parent-Student Compacts**
- 5. District and School Parent Involvement Plans**

We hope that you will plan to attend the work sessions in which these plans are reviewed and revised. For more information you may contact the following:
